

## CURRENT MENU STATUS

Dear club members,

The last several years have been tough financially for the Belleville Country Club. As the board has poured over the financial details, we have tried our best to make the club an institution that serves its members well while being financially responsible. As many of you know, we have had several different managers over the last several years that brought in good ideas about improving the clubs offerings to its members.

Sadly, we have not been able to generate the revenue needed to cover the expenses of offering a food service for our members. The number of members who come to the club to eat on the nights that we serve food simply do not cover the cost it takes to offer such a service.

To that end, the board has voted to end the offering of food services as of September 6<sup>th</sup>. We know that there are some of you who are dedicated patrons of the food service, and we offer our apologies for having to make this decision.

We will offer a time in the near future for club members to meet with the board to discuss this matter. We know that there are always a lot of rumors about what is happening at the club, and we want everyone who interested to be a part in the discussion so that this matter is as transparent as we can make it.

Sincerely,

Cayle Goertzen

President
